

Compact design for easy manoeuvrability

All operations controlled hydraulically from the driver's seat. The dust filtering system is made up of large surface bags (cleaned by means of an electric filter shaker, which only needs to be replaced after several years).

The hydraulically controlled collection bin can be emptied directly into the city waste bins measuring up to 1420 mm high.

PRODUCT FACTS

- Designed to be used both indoors and outdoors
- Ideal for limited spaces and handy in tight areas
- The hydrostatic drive is controlled by a single pedal
- No tools are necessary to replace the broom
- Machines come with right side brush and PPL brushes, but without battery and charger

Model	SR 1450 B	SR 1450 D	SR 1450 P
Ref. no	13300041	13300042	13300043
Description	SR 1450 B RIDE-ON SWEEPER	SR 1450 D RIDE-ON SWEEPER	SR 1450 P RIDE-ON SWEEPER
